True or False Answers

1. True

2. False. Eating spoiled food can make you sick.

3. True

4. True

5. True

6. False. Some mushrooms are dangerous for humans to eat, but others are nutritious. We eat mushrooms in things like pizza, omelets, and soup.

7. False. A weevil doesn't have to eat a fungal spore to be killed by it. It simply has to get near enough for the spore to pass through its cuticle and start an infection.
