Dear Dr. Donovan:

I am very pleased to offer you an appointment as affiliate faculty in the Maryland Pathogen Research Institute (MPRI) at the University of Maryland. This appointment, as a member, enables you to take advantage of the resources at MPRI and we will list you on our website as MPRI faculty. We hope that this appointment will further enhance the interactions between the Agricultural Research Service at the USDA and the University of Maryland. On behalf of my colleagues in the Institute and with the support of the College of Chemical and Life Sciences Dean Norma Allewell, I would like to express my excitement at the prospect of your joining our Institute and collaborating with MPRI members.

Respectfully,

David M. Mosser, Ph.D.
Founding Director
