Institute for Applied Ecology and Partners present

Native Plant Materials Development, Production & Use in Habitat Restoration

Institute
for
Applied
Ecology

[Registration is Open](#)

Stewardship of our natural areas requires an adequate supply of native seed.

The National Native Seed Conference will focus on strategies to develop a national native seed supply that has the flexibility to meet short-term emergency stabilization and rehabilitation needs and to satisfy demand for longer-term restoration projects, including habitat restoration and hazardous fuels reduction.

[Snowbird, Utah](#) **May 17-21, 2010**

The conference for people working on all aspects of native plant materials
— nationwide.

- Genetics & Seed Transfer Zones
- Strategies for Climate Change
- Species Selection
- Seed Collection
- Testing & Development
- Seed Production
- Using Native Seed for Restoration & Rehabilitation

National Native Seed Conference

Plant Materials Development, Production, and Use in Habitat Restoration

Snowbird, Utah May 17-21, 2010

*** Preliminary Program - Draft March 14 - Subject to Change ***

| MONDAY 5/17 | | TUESDAY 5/18 | WEDNESDAY 5/19 | THURSDAY 5/20 | FRIDAY 5/21 |
|---|--|---|---|---|----------------------------------|
| Field Trip 1: Milford Flat Fire Rehab Field Trip 2: Common Gardens & Seed Facilities | | 7:00 Registration & continental breakfast | 7:00 Registration & continental breakfast | 7:00 Registration & continental breakfast | |
| | | 7:30 | 7:30 | 7:30 | |
| | | 8:00 Plenary: Toward a National Program | 8:00 Plenary: Climate Change | 8:00 Plenary: Ecosystems as Habitats | 8:00 |
