golden potato cyst nematode	van Soest, L. J. M. and L. Seidewitz. 1981. Evaluation data on tuber-bearing <i>Solanum</i> species. Institut fur Pflanzenbau und Pflanzenzuchtung. (FAL). Braunschweig, Federal Republic of Germany.
green peach aphid	La Pointe, S. L. and W. M. Tingey. 1984. Feeding response of the green peach aphid (<i>Homoptera: Aphididae</i>) to potato glandular trichomes. J. Econ. Entomol. 77:386-389.
green peach aphid	Mndolwa, D., G. Bishop, D. Corsini, and J. Pavsek. 1984. Resistance of potato clones to the green peach aphid and potato leafroll virus. Amer. Potato J. 61:713-722.
green peach aphid	Radcliffe, E. B. and F. I. Lauer. 1968. Resistance to <i>Myzus persicae</i> (Sulzer), <i>Macrosiphum euphorbiae</i> (Thomas), and <i>Empoasca fabae</i> (Harris) in the wild tuber-bearing <i>Solanum</i> (Tourn.) L. species. Minn. Agr. Exp. Sta. Tech. Bul. 259.
green peach aphid	Radcliffe, E. B., F. I. Lauer, M. -H. Lee and D. P. Robinson. 1981. Evaluation of the United States potato collection for resistance to green peach aphid and potato aphid. Minn. Agr. Exp. Sta. Tech. Bul. 331.
green peach aphid	Tingey, W. M. and J. E. Laubengayer. 1981. Defense against the green peach aphid and potato leafhopper by glandular trichomes of <i>Solanum berthaultii</i> . J. Econ. Entomol. 74:721-725.
green peach aphid	Tingey, W. M. and S. L. Sinden. 1982. Glandular pubescence, glycoalkaloid composition and resistance to the green peach aphid, potato leafhopper, and potato fleabeetle in <i>Solanum berthaultii</i> . Amer. Potato J. 59:95-106.
heat	Palta, J. P., H. H. Chen and P. H. Li. 1981. Relationship between heat and frost resistance of tuber-bearing <i>Solanum</i> species: Effect of cold acclimation on heat resistance. Bot. Gaz. 142:311-315.
late blight	Black, W. and M. E. Gallegly. 1957. Screening of <i>Solanum</i> species for resistance to physiologic races of <i>Phytophthora infestans</i> . Amer. Potato J. 34:273-281.
late blight	Deahl, K. L. 1986. Sesquiterpenoid phytoalexin production in wild, tuber-bearing <i>Solanum</i> species. Phytopathology. (In press).
late blight	McKee, R. K. 1962. Identification of R-genes in <i>Solanum stoloniferum</i> . Euphytica 11:42-46.
late blight	Thurston, H. D., L. E. Heidrick and J. N. Guzman. 1962. Partial resistance to <i>phytophthora infestans</i> (Mont.) DeBary within the Coleccion Central Colombiana. Amer. Potato J. 39:63-69.
late blight	Umaerus, V. and M. Stolhammar. 1969. Studies on field resistance to <i>Phytophthora infestans</i> . 3. Screening of <i>Solanum</i> species for field resistance to <i>P. infestans</i> . Z. Pflanzenzucht. 62:6-15.
late blight	van Soest, L. J. M. and L. Seidewitz. 1981. Evaluation data on tuber-bearing <i>Solanum</i> species. Institut fur Pflanzenbau und Pflanzenzuchtung. (FAL). Braunschweig, Federal Republic of Germany.
leaf hopper	O'Keeffe, L. E. 1966. The influence of selected environmental factors upon oviposition of <i>Empoasca fabae</i> (Harris) (<i>Cicadellidae, Homoptera</i>). Ph.D. Thesis, Iowa State University.
leaf hopper	Radcliffe, E. B. and F. I. Lauer. 1968. Resistance to <i>Myzus persicae</i> (Sulzer), <i>Macrosiphum euphorbiae</i> (Thomas), and <i>Empoasca fabae</i> (Harris) in the wild tuber-bearing <i>Solanum</i> (Tourn.) L. species. Minn. Agr. Exp. Sta. Tech. Bul. 259.
leaf hopper	Tingey, W. M. and R. W. Gibson. 1978. Feeding and mobility of the potato leafhopper impaired by glandular trichomes of <i>Solanum berthaultii</i> and <i>S. polyadenium</i> . J. Econ. Entomol. 71:856-858.

leafroll	Clark, R. L. 1963. Leafroll resistance in some tuberous solani under controlled aphid inoculations. Amer. Potato J. 40:115-120.
leafroll	Jones, R. A. C. 1979. Resistance to potato leaf roll virus in <i>Solanum brevidens</i> . Potato Res. 22:149-152.
leafroll	MacKinnon, J. P. 1962. Relationship between ease of infection of <i>Solanum</i> species with potato leaf roll virus and their suitability as hosts for aphids. Amer. Potato J. 39:327-331.
leafroll	Mndolwa, D., G. Bishop, D. Corsini, and J. Pavsek. 1984. Resistance of potato clones to the green peach aphid and potato leafroll virus. Amer. Potato J. 61:713-722.
mites	Gentile, A. G., R. E. Webb and A. K. Stoner. 1969. <i>Lycopersicon</i> and <i>Solanum</i> spp. resistant to the carmine and the two-spotted spider mite. J. Econ. Entomol. 62:834-836.
mites	Gibson R. W. and L. Valencia. 1978. A survey of potato species for resistance to the mite <i>Polyphagotarsonemus latus</i> , with particular reference to the protection of <i>Solanum berthaultii</i> and <i>S. tarijense</i> by glandular hairs. Potato Res. 21:217-223.
mites	MacDonald, A. J., R. Snetsinger and P. Grun. 1972. Inheritance of resistance in <i>Solanum</i> to the two-spotted spider mite. J. Econ. Entomol. 65:761-764.
potato leafhopper	Tingey, W. M. and J. E. Laubengayer. 1981. Defense against the green peach aphid and potato leafhopper by glandular trichomes of <i>Solanum berthaultii</i> . J. Econ. Entomol. 74:721-725.
potato leafhopper	Tingey, W. M. and S. L. Sinden. 1982. Glandular pubescence, glycoalkaloid composition and resistance to the green peach aphid, potato leafhopper, and potato fleabeetle in <i>Solanum berthaultii</i> . Amer. Potato J. 59:95-106.
potato fleabeetle	Tingey, W. M. and S. L. Sinden. 1982. Glandular pubescence, glycoalkaloid composition and resistance to the green peach aphid, potato leafhopper, and potato fleabeetle in <i>Solanum berthaultii</i> . Amer. Potato J. 59:95-106.
potato leafhopper	Van de Klashorst, G. and W. M. Tingey. 1979. Effect of seedling age, environmental temperature, and foliar total glycoalkaloids on resistance of five <i>Solanum</i> genotypes to the potato leafhopper. Environ. Entomol. 8:690-693.
potato aphid	Gibson, R. W. and J. A. Pickett. 1983. Wild potato repels aphids by release of aphid alarm pheromone. Nature 302:608-609.
potato aphid	MacKinnon, J. P. 1962. Relationship between ease of infection of <i>Solanum</i> species with potato leaf roll virus and their suitability as hosts for aphids. Amer. Potato J. 39:327-331.
potato aphid	Obrycki, J. J., M. J. Tauber and W. M. Tingey. 1983. Predator and parasitoid interaction with aphid-resistant potatoes to reduce aphid densities: a two-year field study. J. Econ. Entomol. 76:456-462.
potato aphid	Radcliffe, E. B. and F. I. Lauer. 1966. A survey of aphid resistance in tuber-bearing <i>Solanum</i> (Tourn.) L. species. Minn. Agr. Exp. Sta. Tech. Bul. 253.
potato aphid	Radcliffe, E. B. and F. I. Lauer. 1968. Resistance to <i>Myzus persicae</i> (Sulzer), <i>Macrosiphum euphorbiae</i> (Thomas), and <i>Empoasca fabae</i> (Harris) in the wild tuber-bearing <i>Solanum</i> (Tourn.) L. species. Minn. Agr. Exp. Sta. Tech. Bul. 259.
potato aphid	Radcliffe, E. B., F. I. Lauer, M. -H. Lee and D. P. Robinson. 1981. Evaluation of the United States potato collection for resistance to green peach aphid and potato aphid. Minn. Agr. Exp. Sta. Tech. Bul. 331.
potato spindle tuber viroid	Bagnall, R. H. 1972. Resistance to potato viruses M, S, X and the spindle tuber virus in tuber-bearing <i>Solanum</i> species. Amer. Potato J. 49:342-348.
potato spindle tuber viroid	Singh, R. P. 1984. <i>Solanum berthaultii</i> , a sensitive host for indexing potato spindle tuber viroid from dormant tubers. Potato Res. 27:163-172.

potato spindle tuber viroid	Singh, R. P. 1985. Clones of <i>Solanum berthaultii</i> resistant to spindle tuber viroid. <i>Phytopathology</i> 75:1432-1434.
potato spindle tuber viroid	Singh, R. P. and S. A. Slack. 1984. Reactions of tuber-bearing <i>Solanum</i> species to infection with potato spindle tuber viroid. <i>Plant Dis.</i> 68:784-787.
root knot nematode	Nirula, K. K., C. L. Khushu and B. T. Raj. 1969. Resistance in tuber-bearing <i>Solanum</i> species to root knot nematode, <i>Meloidogyne incognita</i> . <i>Amer. Potato J.</i> 46:251-253.
root knot nematode	Nirula, K. K., N. M. Nayar, K. K. Bassi and G. Singh. 1967. Reaction of tuber-bearing <i>Solanum</i> species to root knot nematode, <i>Meloidogyne incognita</i> . <i>Amer. Potato J.</i> 44:66-69.
root-knot nematode	Gomez, P. L., R. L. Plaisted and H. D. Thurston. 1983. Combining resistance in <i>Meloidogyne incognita</i> , <i>M. javanica</i> , <i>M. arenaria</i> and <i>Pseudomonas solanacearum</i> in potatoes. <i>Amer. Potato J.</i> 60:353-359.
root-knot nematode	Hoyman, W. G. 1974. Reaction of <i>Solanum tuberosum</i> and <i>Solanum</i> species to <i>Meloidogyne hapla</i> . <i>Amer. Potato J.</i> 51:281-286.
scab	van Soest, L. J. M. and L. Seidewitz. 1981. Evaluation data on tuber-bearing <i>Solanum</i> species. Institut fur Pflanzenbau und Pflanzenzuchtung. (FAL). Braunschweig, Federal Republic of Germany.
tobacco mosaic virus	Horvath, J. 1968. Susceptibility and hypersensitivity to tobacco mosaic virus in wild species of potatoes. <i>Acta Phytopath.</i> 3:35-43.
verticillium wilt	Malamud, O. S. 1975. Species and families of tuber-bearing <i>Solanum</i> with resistant or tolerant response to infection with <i>Fusarium solani</i> f. <i>eumartii</i> and <i>Verticillium dahliae</i> . Univ. Nebraska, Lincoln, Nebraska. Ph.D. thesis.
virus A	Webb, R. E. and E. S. Schultz. 1961. Resistance of <i>Solanum</i> species to potato viruses A, X and Y. <i>Amer. Potato J.</i> 38:137-142.
virus F	Kollmer, G. F. and R. H. Larson. 1960. Potato virus F in relation to host range, properties, reaction of American potato varieties, and resistance. <i>Wis. Agr. Expt. Sta. Res. Bul.</i> 233:1-38.
virus M	Bagnall, R. H. 1972. Resistance to potato viruses M, S, X and the spindle tuber virus in tuber-bearing <i>Solanum</i> species. <i>Amer. Potato J.</i> 49:342-348.
virus M	Jakubiec, J. 1978. [Results of researches for genetic sources of immunity against virus M among wild species of potato]. Szkoła Główna Gospodarstwa Wiejskiego-Akademia Rolnicza w Warszawie. Zeszyty Naukowe. Rolniczej Warsaw 7:135-147. (In Polish).
virus M	van Soest, L. J. M. and L. Seidewitz. 1981. Evaluation data on tuber-bearing <i>Solanum</i> species. Institut fur Pflanzenbau und Pflanzenzuchtung. (FAL). Braunschweig, Federal Republic of Germany.
virus R	Kalfov, S. and V. Melard. 1972. [Preliminary research on the possibilities of genetic improvement for resistance to virus R]. <i>Ann. Amel. Plantes</i> 22:211-224. (In French).
virus S	Baerecke, M. L. 1967. [Hypersensitivity to the S-virus of potato in a Bolivian <i>andigena</i> clone]. <i>Zuchter</i> 37:281-286. (In German).
virus S	Bagnall, R. H. 1972. Resistance to potato viruses M, S, X and the spindle tuber virus in tuber-bearing <i>Solanum</i> species. <i>Amer. Potato J.</i> 49:342-348.
virus S	Cockerham, G., T. M. W. Davidson and A. W. MacArthur. 1963. Report on the virus content and the reactions to viruses X, S and Y of tuber-bearing <i>Solanums</i> collected by the Birmingham University expedition to Mexico and Central America, 1958. <i>Scot. Plant Breed. Sta. Rec.</i> , p. 30-34.
virus X	Bagnall, R. H. 1972. Resistance to potato viruses M, S, X and the spindle tuber virus in tuber-bearing <i>Solanum</i> species. <i>Amer. Potato J.</i> 49:342-348.

virus X	Cockerham, G., T. M. W. Davidson and A. W. MacArthur. 1963. Report on the virus content and the reactions to viruses X, S and Y of tuber-bearing <i>Solanums</i> collected by the Birmingham University expedition to Mexico and Central America, 1958. Scot. Plant Breed. Sta. Rec., p. 30-34.
