Institute/Organization:

Street Address:

City: State: Zip Code:

Phone No: Email:

DEVELOPER

Name:

Institute/Organization:

Street Address:

City: State: Zip Code:

Phone No: Email:

Donor will be responsible for providing isolates in a distributable form, and the number of individual distribution samples will be predetermined and mutually agreed upon by the Donor and ARS. The Donor will supply isolates stored in glycerol and materials will be stored in liquid nitrogen vapor unless other arrangements are agreed upon. When the distribution samples are exhausted or when viability declines, the Donor will replenish NLGRP with a supply of new isolates for distribution. NLGRP will not monitor viability nor subculture CPPSI Reference Isolates. Provider retains ownership of the material; NLGRP will only store and distribute material.

Authorized legal signature by CPPSI representative on this SIF authorizes the NLGRP to distribute CPPSI Reference Isolates.

Name and Title:

Authorized Legal Signature (required): _____ Date:

TAXONOMY

Genus: Species:

Strain, Race, or Pathovar:

Isolate name:

Common name (of disease):

SOURCE HISTORY

Name of original Developer (if different from above):

Institute/Organization:

Street Address:

Phone No: Email:

Location isolate was collected: State: Country:

Year isolate was collected/validated:

Other information:

DEPOSIT INFORMATION

Number of vials/containers: Date cultured: Date Shipped:

Storage condition: Liquid Nitrogen Vapor -20°C Other:

Storage type: Glycerol Silica gel Lyophilized Other:

Storage form: Spores Cell Hypha Other:

Biohazard Risk Group Only BRG 1 or 2 will be accepted

Appropriate permit to ship isolates must accompany shipment. Ship via overnight courier on Monday, Tuesday or Wednesday. Please do not ship on Thursday or Friday. Notify the Data Management-Help Desk (NLGRP-DataManage-HelpDesk@usda.gov) of tracking number. Addressee: Microbe Team, Address: USDA-ARS National Laboratory for Genetic Resources Preservation, 1111 S. Mason Drive, Fort Collins, CO 80521.
