Re: Request for Permission to Reproduce and Make  
Publicly Available CIMMYT Publication

Dear Dr. Shands:

I have received your request that CIMMYT grant permission to make digital copies of the CIMMYT publication "Races of Maize in Brazil and Adjacent Areas," by E. Paterniani and M.M. Goodman (the "Landrace Publication"). You have further asked CIMMYT's permission to reproduce the Landrace Publication for free public distribution on CD-ROMs and on the websites of the National Academy Press and the USDA.

We are happy to comply with your request. I have discussed this matter with Dr. Masa Iwanaga, CIMMYT's Director-General, and he has authorized me to grant permission on behalf of CIMMYT to the USDA to carry out these above-mentioned activities with regard to the Landrace Publication. We request only that CIMMYT's status as holder of the copyright in the Landrace Publication be reflected in copies that are publicly distributed.

Please let us know if we can be of further assistance.

Sincerely yours,

Shawn N. Sullivan
