- There are three kinds of men...
  - One who learns by reading,
  - The few who learn by observation,
  - The rest of them have to pee on the electric fence themselves.

# notes from: International Meeting of Computer Geniuses

We took 250 years of cattle breeding and in the last 10 to 15 years we have really accelerated," said Roy Wallace of Select Sires Inc., who invented BLUP and the Reduced Animal Model right after Al Gore invented the internet.
