

## INSTRUCTIONS FOR ORDERING GSOR SEEDS VIA GRIN GLOBAL

You may request the germplasm via GRIN Global at <https://npgsweb.ars-grin.gov/gringlobal/search.aspx?>

U.S. National Plant Germplasm System

Search For:  Retrieve: Accessions

Accessions:  Include unavailable  Include historic  With images  With NCBI link  With genomic data

[Advanced Search Criteria](#) Return up to 500 accessions

Alternative Search method using a list of accession identifiers

If you do not already have a member account, please create one by clicking the “Register Now” link at the top of the screen. Once registered, you can search for accessions using the GSOR number or name.

You can copy and paste all the numbers in the search box (check the box Allow multiple lines). Also, there may be accessions which are not available, but to confirm that they are in the database, you can check Include unavailable.

U.S. National Plant Germplasm System

Query Criteria:  
Search String: gsor 310001 GSOR 310002 GSOR 100 gsor 312003  
Accessions are: Include unavailable

Search For: gsor 310001  
GSOR 310002  
GSOR 100  
gsor 312003 Retrieve: Accessions

Accessions:  Include unavailable  Include historic  With images  With NCBI link  With genomic data

[Advanced Search Criteria](#) Return up to 500 accessions

Alternative Search method using a list of accession identifiers

<input type="checkbox"/> <a href="#">GSOR 312003</a>	N 22	<a href="#">Oryza sativa</a>	India	Pa Se

Show  items << <  of 4 >>>

Check the available accessions you wish to receive and drop down the Actions tab to add selected to your order.

When you have selected all for your order, click the link to your cart and complete the order process and Checkout. You will be asked to provide information about your planned research using the germplasm.

GSOR will automatically be notified that your order has been placed. I will then be able to prepare the seeds for distribution.

Please let me know if you have any questions regarding the information which I have provided.

Thank you.

Lorie Bernhardt, Computer Assistant-GSOR
