A message from the Curators Workshop Committees

*We encourage you to attend the upcoming
Workshop on February 2-4, 2010.*

*Although we understand that funding is tight
in this uncertain economy, our research,
conservation and networking must go on. We
have tried to construct an interesting program
at a great location while keeping
the registration fee to a minimum.*

*We cannot guarantee success without you!
We hope to see you there.*
