Dear Sir or Madam,

Chesapeake Math and IT Academy Public Charter School (CMIT)* is organizing an annual science and engineering fair on March 10, 2012. CMIT is a brand new school and was modeled after its sister school Chesapeake Science Point (CSP) in Anne Arundel County. Since its start-up in 2005, hundreds of CSP students have won numerous prizes, many of which are at national level, along with a few international accomplishments. A CSP 9th grader was recognized by President Obama on October 18, 2010 for his accomplishment at a Global competition and this summer another CSP student became a finalist in the 2011 Discovery Education 3M Young Scientist Challenge for students in fifth through eight grades. In an effort to have similar and even better accomplishments, CMIT is providing STEM Fair opportunity to its students.

This year, CMIT will have the 1st Annual Science Fair at University of Maryland, College Park. We are grateful to the University of Maryland, who is serving as a sponsor, by allowing us to use their location at a reduced to free cost. We will be greatly honored to have you as a category judge at this event. Judges are kindly asked to arrive at the facility at 7:30am and judging will continue until 12:30pm. Lunch will be served to judges at 12:30pm and the award ceremony will take place between 2:00pm and 3:30pm for all students.

To confirm your attendance or to obtain additional information, please contact me at 301-350-6052 or sciencefair@cmitacademy.org. I hope you will be able to join us as we provoke young minds into thinking critically and provocatively about science. If you decide to attend, please return the attached form at your convenience.

Sincerely,

Mr AG - Ali Gurbuz, Principal

Location: University of Maryland, College Park Date: Saturday, March 10, 2012

Schedule:

7:30 am – Arrival/ Breakfast & Information Session for Judges

8:30 am – 12:30 pm Judging

12:30 pm – 2:00 pm Lunch for Judges / Evaluation / Public Viewing

2:00 pm – 3:30 pm Award Ceremony

* Chesapeake Math and IT Academy, located in Prince George's County at 6100 Frost Place Laurel, MD 20707, is a new public charter school with a strong focus on mathematics and information technologies currently serving 300 students in grade 6th and 7th. For more information, visit the CMIT website at: www.cmitacademy.org.
