

Mondays 4:00 – 5:00 pm, HNRCA Auditorium, 711 Washington Street, Boston, MA.

FEBRUARY 2008

04 Dayong Wu, MD, PhD.

Scientist II, Assistant Professor
Nutritional Immunology Lab
USDA HNRCA at Tufts University
Friedman School of Nutrition Science and Policy

Age-related adipose tissue inflammation: implication for age-associated diseases

11 Ernst J. Schaefer, MD

Director, Lipid Metabolism Laboratory
Jean Mayer USDA Human Nutrition Research
Center on Aging at Tufts University

25 Years of Lipid Metabolism at HNRCA: Past, Present, and Future

18 HOLIDAY- No Seminar

25 Sarah L Booth, PhD

Scientist I and Director, Vitamin K Laboratory, HNRCA
Professor, Friedman School of Nutrition Science and Policy
Tufts University

Vitamin K and bone: Not so hip

Tufts
UNIVERSITY

School of
Medicine

The Jean Mayer USDA Human Nutrition Research Center on Aging (HNRCA) at Tufts University welcomes students, faculty, and other interested parties to the HNRCA Seminar Series — weekly seminars on cutting edge nutrition and aging research topics. Seminars are held on Mondays during the academic year and are sponsored by the Tufts University School of Medicine in collaboration with the HNRCA. Tufts University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians and designates this educational activity for a maximum of 1 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity. In addition, each seminar may be reported as 1 hour of continuing education credit for registered dietitians. Please see <http://nutrition.tufts.edu/events/seminars/hnrc/> for more information.
