

GARA Scientific Meeting 2020

Sponsorship Opportunities

April 14-16, 2020

Kampala, Uganda

Global African Swine Fever
Research Alliance

The Global African Swine Fever Research Alliance (GARA) is an international consortium that generates novel scientific knowledge to enable the progressive control and eradication of African Swine Fever (ASF). GARA holds a biennial meeting that is a key focus for alliance activities and provides a forum for establishing and sustaining global research partnerships. Sponsorship of the 2020 conference provides opportunities for commercial partners to engage with the global ASF research community and increase their visibility and global brand awareness.

Who attends GARA Conferences?

Scientists Vaccine research

Diagnostic development

Disease control policy influencers Global – attendees from every continent
